Fusion Clipper

Powerful, 2-Speed Horse and Cattle Clipper

Boasting two speeds to accommodate any clipping application, the Fusion Clipper ensures exceptional performance under challenging conditions with its powerful 360W motor for a fast, professional clip. Designed for superior handling, Fusion clipper is slim and perfectly weighted for ease of use and features a double fan design and ventilation outlets to ensure consistent cool running during long periods of use.

- Powerful 360W motor provides the drive needed for fast efficient clipping
- Two speeds for multiple applications; 2500rpm and 2900rpm
- Easy tensioning and a sealed tension nut to prevent hair from entering the system for longer life
- Expertly designed metal head for 10°C cooler blades to ensure animal comfort
- Double fan design and ventilation outlets ensure cool running even during heavy duty applications
- Easy maintenance with a fully serviceable motor
- Automatic overload protection with an easy reset function
- Robust design and longer service life for dependable durability
