Star Clipper

Lightweight, medium duty clipper

One of Lister's most popular products, the Star has been a beloved fixture in stables and livery yards for decades.

This powerful, fast and efficient clipper is ideal for professionals and enthusiasts alike, and has a slim, balanced grip for maximum comfort. Lightweight so you can clip for longer, the Star also features an intelligent tensioning system, ensuring the right cutting pressure is applied every time.

- Lightweight, slim design for easy handling with grips on either side of the handle for greater control
- Efficient 45W motor for a consistent, reliable clip
- Intelligent tensioning system to ensure correct cutting pressure
- Ventilated head to prevent excess heat and discomfort, whilst keeping hair away from the face of the user
- Integrated overload switch to protect against damage in the event of a jam
- Easy maintenance and cleaning with a removable and replaceable air filter
