Brand new labels, same great product

Choosing the right shampoo for your client is imperative to start your groom.

The new Wahl animal shampoo labels have been designed to make this experience more convenient and appealing than ever!

From a quick glance at the front, you can now easily identify the delicious scents and each coat type Wahl's shampoos target from the bold and bright key ingredients that burst from the labels.

It doesn't stop there, the back of the bottles display a clear description of the job (no matter how tough!) each shampoo is designed to tackle and the results it achieves, as well as how easy they are to use.

In Wahl's effort to become more sustainable, the new 500ml shampoo bottles are made of 50% recycled material, making a positive contribution to the environment.
