When Leo Wahl invented the first electric hair clipper in 1919, he didn’t just revolutionise an industry. He created one.

What started as one man’s brilliant, innovative idea in America’s heartland is now the worldwide standard for barbers and hairdressers.

It has been a journey shared with our loyal customers as we celebrate our 100th year. When you pick up a Wahl product, you can be confident that 100 years of professional heritage is in the palm of your hand.
WORLD LEADERS

All Wahl products are designed with professional barbers and hairdressers in mind. We aim to provide powerful and durable products that are of the very best quality on the market. Our blades are precision ground and rust resistant to give professionals the ultimate cutting performance. Our extensive portfolio of clippers, trimmers and styling products has been created to offer each professional, regardless of experience or regularity of use, products that perfectly suit their needs.

SIMON SHAW  
Wahl Global Artistic Director  
Known for his fun and innovative approach to hairdressing and education, Simon has developed a stylish range of products consisting of clippers, trimmers and styling, as well as popular wet goods mixing style with the quality and heritage expected from Wahl.

CORDLESS BULK REMOVAL & TAPERING  
- 180 MINUTES RUN TIME FROM AN 80 MINUTE CHARGE  
- DIAMOND BLADE IS 40 TIMES MORE DURABLE THAN THE STANDARD BLADE FOR LONGER LASTING CUTTING PERFORMANCE  
- CUTTING LENGTH: 0.7-25MM  
- INCLUDES: 8 ATTACHMENT COMBS (1.5, 2, 3, 6, 9, 13, 19, 25MM), CHARGING STAND, CHARGER, BLADE OIL & CLEANING BRUSH  

Cord/Cordless Clipper  
Chrom2Style is superbly balanced, with a curved edge handle that automatically guides you to the clippers centre of gravity, allowing gentle, fatigue-free working from the wrist.  
The chip-controlled motor maintains speed when cutting through thicker hair, preventing clogging or pulling.
**Cord/Cordless Clipper**

Featuring Lithium Ion technology this clipper allows you to cut without the restriction of a cord, the lithium battery ensures that the clipper maintains power and therefore your cutting quality even when the charge runs low. If you do run out of charge you can simply plug in and use on the cord. The LED display lets you know when charge is running low. The Chromstyle delivers a 90 minute run time from a 60 minute charge.

**Cordless Bulk Removal & Tapering**

CORDED CLIPPERS

Corded Clipper

Featuring a V9000 motor which performs the same task as V5000 but requires less electrical power due to the way it has been engineered so it runs cooler meaning it can be used continuously all day without ever overheating. This makes the Icon essential for busy barber shops where 20 or more cuts are being done in a day. The premium guide combs have been made with engineering grade material making them 70% stronger than standard guide combs.

Powerful V9000 Motor for Continuous Use
Premium Guide Combs for Smooth Cutting
Cutting Length: 1-3.5mm
Includes: 6 Premium Attachment Combs (#1-4, 6 & 8), Flat Top Comb, Blade Oil, & Cleaning Brush

60 MINUTE RUN TIME FROM A 120 MINUTE CHARGE
CUTTING LENGTH: 0.4MM
INCLUDES: CHARGING STAND, BLADE OIL & CLEANING BRUSH

Cordless Trimmer

Featuring a 40mm wide, high-grade steel T-blade. Ideal for close trimming, precise neck and beard outlining, edging around the ears and creative styles.

The ultimate performance high speed motor has an rpm of 6400 for quick and clean cutting ideal for all hair types. Super light, just 135g makes it kind to hardworking wrists.

Part Number: WM8591-838
SSP Ex VAT: £76.99
Barcode: 5037127020364

ProLithium SERIES

BERET

CLOSE LINING & EDGING

75 MINUTE RUN TIME FROM A 60 MINUTE CHARGE
SNAP ON/OFF BLADES
CUTTING LENGTH: 0.4MM
INCLUDES: 4 ATTACHMENT COMBS (#1-#4), CHARGING STAND, BLADE OIL & CLEANING BRUSH

Cord/Cordless Trimmer

The lithium battery gives the Beret a quick charge function so from just an hours charge you get 75 minutes of usage time. There is also no loss of charge while the trimmer is not being used which is a common issue with standard batteries.

Part Number: 8841-831
SSP Ex VAT: £89.99
Barcode: 5037127013113
SINCE 1919, WAHL HAS BEEN AN INTEGRAL PART OF THE BARBER TRADE. WE ARE PROUD TO CONTINUE THE GROOMING TRADITION FOR TODAY'S DISCERNING GENTLEMEN WITH THE LAUNCH OF A PROFESSIONAL 5 STAR TRADITIONAL SHAVING RANGE.

The 5 Star Traditional Shaving Range has been specifically designed to add luxury to your wet shave service. Wahl combines the spirit of the traditional barbershop experience with a modern approach to style and ingredients. Wahl’s rich heritage for providing the finest barbering tools is evident in this new range as we have sourced only the finest ingredients for the wet goods. Our brushes and shaving tools are traditionally hand-made from premium materials to ensure the best results for you and your customers.
PRE-SHAVE OIL 30ML

Designed to give a close, comfortable and enjoyable shave. Helps to banish irritation, with a subtle, fresh, natural minty fragrance.

Part Number: ZX941
SSP Ex VAT: £7.99
Barcode: 5037127022245

CERAMIC SHAVING BOWL 11 X 8CM

Sophisticated design with the functionality to ensure you can create a rich lather with any shaving gel. The integrated lip is designed to hold your brush, whilst the ceramic material aids heat retention.

Part Number: ZX967
SSP Ex VAT: £17.99
Barcode: 5037127022962

TRADITIONAL SHAVING

FOAMING SHAVE GEL 200ML

Enriched moisturising formula delivers a professional close shave that nourishes and soothes the skin for reduced irritation. Infused with ozonic, crisp and citrus notes of lemon, the masculine fragrance leaves the face feeling refreshed.

Part Number: ZX949
SSP Ex VAT: £8.50
Barcode: 5037127022337

wahlo.co.uk
TRADITIONAL SHAVING

**BOAR BRISTLE BRUSH 10.3CM**

Handmade with 100% boar hair, the stiff nature of the Boar Bristle Brush is ideal for creating a rich lather and lifting the hair for a closer cut. Complete with a stylish stand allowing for drip dry after use.

The Wahl Cartridge Razor combines contemporary design with modern technology. Perfectly balanced with an interchangeable blade cartridge system ensuring the razor delivers the closest shave.

**Part Number**: ZX847-804  
**SSP Ex VAT**: £19.99  
**Barcode**: 5037127023099

Similar to a traditional cut throat razor, the disposable blades provide precision edging every time, delivering long-lasting results. A 3 way lock system secures the blades tightly, producing less drag.

**Part Number**: ZX947  
**SSP Ex VAT**: £14.99  
**Barcode**: 5037127022283
**MOISTURISER 100ML**

Easily absorbed, non-greasy moisturiser formulated to soothe and hydrate all skin types. Enriched with black mulberry and white nettles, this luxurious cream leaves skin feeling soft and smooth.

**POCKET COMB 18CM**

This folding comb is the perfect pocket-sized companion to keep your hair and beard tidy.

The teeth have been saw cut and smoothed to protect your hair as they massage the scalp without removing any natural oils. Crafted in a shave razor design, the comb is always on hand to tame unruly hair as it can be clipped on to your keys or belt loop.

Wahl understands how important powerful dryers and styling tools are to barbers and hairdressers. We used this knowledge when developing this durable and reliable styling range.

POWERDRY HAIRDRYER

The Powerdry is a powerful 2000 watt hairdryer with a professional AC motor and a built in Tourmaline grille, designed to keep moisture in the hair cuticles for a sleeker and shinier finish. The Powerdry comes complete with two concentrator nozzles, one slim for direct heat and one wider for greater airflow. Featuring three heat settings, 2 speed settings and a cold shot together with the 3m long cable it is practical for use in a salon and at only 743g in weight it is comfortable to use. Limited edition colours available.

PENCIL HAIR STRAIGHTENER

The Wahl pencil hair straightener has thin 15mm plates and is designed for use with short hair. The tourmaline coated plates retain the hair’s natural moisture, to leave the hair shiny and smooth, while being the ideal size to allow easy styling for short hair. The pencil straightener is perfect for tidying up fringes or fly away hair and with a top temperature of 200 °C within seconds, you can achieve ideal hair in minutes - whatever your style.

Choose the right blade for your clipper to get the best performance. Please find below a detailed description of various blade types and sets.

<table>
<thead>
<tr>
<th>Blade Set # 1006-400</th>
<th>KM1854-7505</th>
<th>KM1884-7040</th>
<th>2191</th>
<th>2105</th>
<th>2161-400</th>
<th>2228-400</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cutting Depth 1-3.5mm</td>
<td>2 hole screw on blade set is used on most professional clippers with a taper arm. It offers good all round barbering.</td>
<td>KM1854 Quick Release Blade Set Adjustment of 0.7 - 3mm These blade are designed to clip on and have an adjuster lever built in giving an adjustment of 0.7 - 3mm. The top blade is stainless steel and the bottom is chrome plated. The KM1854 has the spring exposed, pressing on the cam follower allows the blade to open up to make cleaning easy. These blades are classed as disposable and cannot be sharpened.</td>
<td>The KM1884-7040 has the same functionality as the KM1854-7505 but with the added benefit of a more enclosed back. This prevents the hair from becoming clogged as regularly, reducing the amount of cleaning required making it more user friendly. The KM1884 has the spring covered, pressing on the cam follower on both types allows the blade to open up to make cleaning easy. These blades are classed as disposable and cannot be sharpened.</td>
<td>Blade Set # 2191 Cutting Depth 1-3.5mm The bottom blade of this blade set has a thinner edge than that used on the 1006-400 blade set and has a flat face. It is often zero gapped by Afro Barbers so it can cut as close as 0.6mm. The top blade is the V tooth 1052-450 plated blade so caution is advised when zero gapping. Blades can be sharpened.</td>
<td>Blade Set # 2105 Cutting Depth 0.4mm The bottom blade of this blade set has a thinner edge and finer teeth than the 1006-400 it also has a flat face. The top blade has a bow top so that it can be set to zero overlap, it is used on balding clippers (Balding clippers do not have a taper arm).</td>
<td>Stagger Tooth # 2161-400 Adjustable 0.8-2.5mm cutting length. Blade angle: 13 degree Stainless steel and chrome plated Crunch Blade Technology. Staggered Teeth, ideal for tapering and fading. Designed for gradual skin fading. Rust resistant. Creates a blunter cut and even blending. Feeds hair faster and visibly improves blending for improved fading capability.</td>
</tr>

wacl.co.uk
Wahl Academy is open to barbers and hairdressers of all levels who want to develop their craft and push the boundaries.

Since 2002, our mission has been to inspire and educate every delegate that attends our courses. Through a balance of demonstrations and practical learning, every course provides a fantastic opportunity to learn from over 75 years of knowledge and experience from the Wahl Artistic Team members, ensuring you leave inspired and confident with cutting edge techniques.

At the end of the course you will receive a HABIA endorsed certificate. The HABIA endorsed certificate recognises your achievement in terms of Continual Professional Development (CPD) – vital for any salon professionals wanting to stay up to date with the latest techniques, and essential for educators in the delivery of NVQ’s.

**Solid Foundation: Classic Men’s Grooming**
Designed to build confidence in newly qualified barbers, it is also perfect for experienced hairdressers who want to expand their skills into barbering. Learn layering, graduation and clipper over comb.

**Creative Advanced Gents**
Ideal for updating basic skills and learning new techniques such as Simon Shaw’s famous ‘flick & smack’ texturizing method.

**Creative Advanced Ladies & Gents**
Complete the latest modern cuts on both men and women. Learn to texture, blend and layer using your clippers. This course is designed to inspire and add a new talent to your portfolio that will really impress your colleagues and clients.

**Specialist: The Fade**
Teaches all aspects of this classic barbering technique from the basics you need to know to create the perfect fade with no visible lines to the more advanced techniques needed to achieve skin fades, shading and blending.

**Specialist: The Shave**
Learn the art of the traditional wet shave to add an element of sophistication and luxury to your salon by offering your clients a new experience setting you apart from the competition.

**Specialist: The Artist**
One of the few clipper design courses available in the UK, learn to create designs and then transfer on to hair and make it look sharp, with 3D effects and other creative techniques.

T: 01227 744323  |  E: academy@wahl.co.uk  |  W: academy.co.uk
Wahl puts the ‘edge in education’ with a brand new college training programme. We will provide barbers, men’s hairdressers and educators with the fundamental support and skills required to succeed in the industry, thus ensuring the standard of British barbering and men’s hairdressing is second to none.

Men’s Method is a unique college training programme that combines the rich history of men’s hairdressing with contemporary salon techniques. This is a chance to raise the profile and success of your centre, receiving official Wahl recognition for your high-quality standards in training and education.

Only a limited number of Wahl Men’s Method UK Training Academies will be approved each year, meeting a set of criteria to prove their cutting credentials. Once approved, Academies will be able to offer the education programme, making a statement to learners, peers and the industry.

Simon Shaw, Global Artistic Director of Wahl UK, said ‘This is the most elite training academy programme for barbers and men’s hairdressers in the UK, and we will only be accepting the very, very best. The Wahl name is prestigious, so we are careful about who we let use the name. But, if you think you’ve got what it takes to join this exclusive programme, get in touch so we can put you through your paces and see if you are Wahl Men’s Method UK Training Academy material.’

Think your college has what it takes to become a Wahl Men’s Method UK Training Academy? Do you have ‘the edge’ to deliver a forward thinking course? Head to: mensmethod.co.uk for more.
COMMON CLIPPER PROBLEMS AND SOLUTIONS

PROBLEM: My clipper is making more noise than it used to.
Solution: Clean and oil the blades, then adjust the voltage screw (located on the opposite side to the switch) turn this anti-clockwise until the noise subsides and returns to normal.

PROBLEM: My clipper keeps cutting out.
Solution: Check the lead for any fractures, these can happen through general wear and tear. If there is a fracture then the lead can be replaced by contacting Wahl.

PROBLEM: My clipper is pulling the hair.
Solution: This happens when the blades are not aligned correctly. Directions on how to realign blades are in your instruction booklet.
This is also a sign that the blades may need replacing/sharpening. If the problem persists please visit our website, www.wahl.co.uk for information on blade sharpening.

PROBLEM: My clipper is nipping the skin.
Solution: This could be because the blades need to be realigned or it may be that the blade is damaged. If the clipper has been dropped the teeth in the blades could be broken and if this is the case the blade will need to be replaced.

PROBLEM: The snap on/off blade keeps falling off.
Solution: This is normally because of broken lug(s) on the blade chassis, the blade will need to be replaced.

How to Oil Your Blade:

For information on servicing, blade sharpening and video tutorials please visit wahl.co.uk
